

SERIES OCCURS

Aluminum profile for corner mounting

With its 90 degrees cut, its 45 degrees projection angle and multiple color and finish options, this series becomes very discreet once installed in a corner. It will give a unique style and lighting to your environment. It offers several power, lenses and assembling options allowing you to adapt it to your needs. Promoting better heat dissipation, this series will offer you its full potential for many years to come.

Description	mm	Inch
B - Width interior	10.00	0.3937
C - Width exterior	16.70	0.6575
D - Height	16.70	0.6575

FEATURES

- Discreet and stylish
- 45 degrees projections
- Can be cut according to your needs
- Allows continuous joint mounting
- Direct or indirect lighting
- Wide choice of lens
- Wide choice of colors and finishes
- Clear Anodized Aluminum 6063T5

APPLICATION

- Inside corner edge
- Regular (all purpose)
